FROM: Carole Green, Secretary

DATE: September 25, 2005

SUBJECT: Notice of Transmittal: New CIRTIS Enrollment Codes

Three new client enrollment program status codes have been added to CIRTIS. These codes allow you to track individuals who choose to enroll in the LTC Community Diversion Pilot Project (also known as the NH Diversion Waiver) under the following situations: (1) while waiting for non-NH Diversion Waiver services, (2) while having their eligibility determined for the Aged/Disabled Adult Services Medicaid Waiver (ADA) or Assisted Living for the Frail Elderly Medicaid Waiver (ALE), or (3) while active in a program other than the NH Diversion Waiver.

The new client enrollment program status codes (all end in "ND") are as follows:

- (1) TAND: Terminated APCL Chose NH Diversion Waiver
