CIRTS Program Status Codes

CIRTS Program Status Codes Overview

APCL Assessed priority consumer list; program status code used to identify when an individual starts waiting for services. The APCL period ends when approval is given to begin the eligibility process.

TA-- (Program status codes beginning with the letters "TA"); program status codes used to terminate the period an individual was APCL, i.e., the time period an individual waited for services (does not include the time spent going through the eligibility process).

APPL Program status code used to identify when approval is given to begin the eligibility process.

TP-- (Program status codes beginning with the letters "TP"); program status codes used to terminate the period an individual was APPL, i.e., the time period when the individual was going through the eligibility process.
